Re: Award Name
Donation last year: \$ amount of award

Dear Donor:

The Commencement Committee of Glencoe District High School is preparing to celebrate the achievements of the graduating class of 2025. Your contribution makes it possible to reward the diligence and work ethic of these young scholars. On behalf of the Commencement and Awards Committee, I would like to express my gratitude to you for supporting this annual event.

Your contribution proves to graduating students and junior award winners that this community recognizes and values the efforts of exceptional young people. A secondary school graduation diploma requires a minimum of four years of focused effort. Many of our graduates will continue their studies, achieve certification in a profession and return to Southwest Middlesex. Local citizens will benefit from their areas of specialization whether it be, medicine, engineering, agriculture, or some other facet of the complex social/economic web that ties our vibrant community together.
